

# True Colors®

## Additional Application Certifications

Don't miss the opportunity to join us in Chicago before or after the International True Colors® Association (ITCA) Bi-annual Conference on June 16 or 19, 2009.

We are offering four different True Colors® Additional Applications—True Solutions for Managing Conflict, True Core Leadership, Keys to Successful Teambuilding and True Colors Change Management.

After certification you will be able to deliver a seminar on these topics:

**True Core Leadership**—Learning about essential leadership qualities, exploring the differences between management and leadership, and discovering the role of relationships on leadership are just a few of the key elements of this program. Participants will determine their own “core” leadership style, how they can adjust or improve their leadership behaviors and address areas of needed improvement.

**True Solutions for Managing Conflict**—The subject of Conflict Management is diverse and complex. Designed by professional mediators, this seminar just touches the surface of the intricacies, but applying True Colors gives the participants skills to use in deflecting conflict, handling it as it moves through stages of intensity, and recognizing signs of potential problems with concrete steps to take.

**Keys to Effective Teambuilding**—This interactive seminar is customized to the needs of your team. Whether existing or newly formed, team members learn how to bring out the best in each other, how each member's primary color – and a representation of all colors – is important to the team's success, and how to bring up your paler colors for the benefit of the team's goals.

**True Colors Change Management**—The True Colors Change Management Certification will teach you how to help organizations navigate through change using True Colors. It will teach you about the four phases of change and how our colors respond or react to them. Navigating through Change is the norm in today's business environment. Today's Leaders need to master the art of helping others succeed.

**NOTE:** Personal Success (Basic Awareness) Certification is a prerequisite for the Additional Applications.
